

There once was a girl named Sindiwe Magona.
She had a special gift for stories. At night, little
Sindiwe's grandmother told her magical stories about
ogres and giants, animals of the forests, and the little
creatures of the veld. This was Sindiwe's favourite time.
See how she grows up to live out her own adventures
as she travels over oceans to change the world
with her stories.

Sindiwe and the Fireflies
